Paintings and Framed Drawings/Prints

The Soane’s Hogarths, Canalettos, Turners and other Regency paintings have been included in many exhibition catalogues and these are not listed here apart from the most recent. Nor are the standard works on these artists which mention the Soane paintings included.

The Museum’s oil paintings are all catalogued and online as part of the ‘Your Paintings’ website

Drawings

There are numerous books and articles on the work of the architects of whose work the Soane has major holdings (Robert Adam, Charles-Louis Clériseau, George Dance, Sir William Chambers, Sir Christopher Wren, Joseph Michael Gandy etc.). These all contain references to drawings in the Soane collection but are too numerous to be included in this select bibliography: those listed therefore are those which focus on the Soane collection. An ongoing project to make available the catalogues for these collections means that more entries are being added regularly - please visit our catalogue for more information.
