MUSEUM  
LONDON

## Corporate Membership

Soane opened his home and private museum to his students, ensuring that this should continue after his death in 1837, by leaving the house and his collections to the nation.

Within its exquisite Regency interiors, Sir John Soane's Museum provides the perfect backdrop for corporate entertaining. We offer packages to include private dinners, drinks receptions and breakfasts for client entertaining, curator-led talks, private visits to exhibitions and behind-the-scenes tours, invitations to VIP museum events and a range of art workshops.

Alongside our generous sponsors, your membership provides vital funding for our ongoing conservation and restoration work, cataloguing, and educational programmes, allowing us to maintain our reputation as the 'supreme example of the house-museum in the world', welcoming over 110,000 visitors per year.
